**J. L. FORD.**

**WILL REMOVE TO JEFFERSON BLOCK ABOUT APRIL 1st.**

**J. L. FORD.**

**Our Home "River-view,"**

Is for sale. Mr. Elliott and family are to vacate it May 1st, and it is larger than we can occupy to advantage. It is by far the best home in this city and it is hard to duplicate (everything considered) in the United States for the money it costs. The site is superb. It embraces ten full city lots 4 by 8 rods. The house and barn are every way right. It is worthy the attention of any one seeking a first class home. As we before said, we will sell it and will give possession May 1st.

We have an architect working on plans for a smaller but equally good house, to be built for ourselves directly opposite "River-view," and if we can sell this we shall have it built to occupy by July 15th.

This is an unusually attractive opportunity. Come and see us.

Yours very truly,  
Geo. L. & Sarah H. Carrington.

**WAS AWFUL CARNAGE**  
Details of a Recent Bloody Affair in India.

**A MASSACRE OF NATIVE SOLDIERS.**  
Nearly 500 Killed in a Desperate Fight Lasting Forty-Eight Hours—Slaughter in the Comoro Islands—300 Slain.

**BLOODY WAR IN INDIA.**  
CALCUTTA, March 31.—A dispatch from Manipur, province of Assam, brings news of a disaster to a force of native troops there. It seems that James W. Quinton, the chief commissioner of Assam, has recently been investigating some serious trouble which has occurred among the native chiefs. As a result of his investigation the chief commissioner was holding a durbar or conference with the nobilities of Assam with the view of arresting one of the prominent chiefs who had been instrumental in depositing the rajah. This chief commissioner, while pursuing his inquiries into the disputes between the chiefs, occupied a camp which was garrisoned by a strong force of Gorkhas, native infantry in the British service. Suddenly this camp was attacked by a number of hostile tribes, led by their chiefs. A two days battle, during which some desperate fighting took place, followed the onslaught of the tribesmen. The Gorkhas fought most determinedly against heavy odds, and, according to the report, 470 of the Gorkhas were killed. Several of the officers who accompanied the chief commissioner and that official have been reported to be missing.

The massacre originated in a feud between the rajah of Manipur and a leading tribal chief. The rajah was deposed and the tribal chief, Mr. Quinton was sent to settle the trouble and started from the headquarters at Shillong escorted by the Forty-second and Forty-fourth light infantry. After crossing the frontier Mr. Quinton summoned the chief for a durbar for the purpose of arresting the rebellious chief. The tribesmen, pretending to obey the summons, mustered in force and at midnight on the day before that on which the durbar was to be held suddenly attacked the camp of the chief commissioner. The attempt to surprise the camp failed and the tribesmen were driven back. They returned however, and kept up the siege night and day for forty-eight hours. Finally the ammunition of the Gorkhas gave out and Commissioner Quinton was obliged to give the order: "Sauve qui peut." During the fight the camp scouts were sent out to try to communicate with Shillong, but they never returned. The Manipur natives cut the telegraph wires and killed the messengers. Fugitives report that a general massacre followed the taking of the camp. There is reason for believing that the estimate that 470 were killed is incorrect.

One account of the affair reports that Commissioner Quinton and his staff were made prisoners. Another account says that Col. Skene, the commander, Commissioner Quinton with his son and daughter, Capt. Boileau and six officers were killed, the natives refusing to give them quarter. The rebellious tribe is famous for cunning cruelty and bravery.

Immediately upon receiving the news of the disaster the viceroy at Simla summoned a council and two native regiments stationed in Assam have already been dispatched to Manipur. The Third Bengal Infantry will start for the scene to-day. The viceroy of India has abandoned his tour and has started for Simla. Five regiments and a mountain battery have been ordered to Manipur.

**MASSACRE 300 PERSONS.**  
ZANZIBAR, March 31.—A revolution has broken out in one of the Comoro islands, which are ruled by Arab princes under French protection. The center of the disturbance is on the island of Anjouan, where the natives rose at the death of the sultan, Abubakar, armed themselves and spread over the country pillaging far and wide, and massacring 300 persons. French warships now in the Indian ocean have been ordered to proceed to the island to quell the revolt.

**RIOTS IN THE ARGENTINE REPUBLIC.**  
BUENOS AYRES, March 31.—A riot occurred at Moron during the recent elections. Two hundred voters attacked the police and general firing ensued, which lasted two hours. The killed and wounded number twenty.

A mutiny occurred on the Chilean man-of-war Pilcomayo while lying in the harbor here. The mutiny is supposed to have been instigated by Chilean residents of this city. Three sailors were killed and nine were wounded.

**A Strange Case of Suicide.**  
ST. LOUIS, March 31.—The dead body of a stranger was found with a bullet hole through his brain near East St. Louis. When the body was discovered it was lying in the middle of a fire made of logs and dry wood, and evidently kindled by the suicide. Before the body was rescued from the flames the lower limbs had been burned in places, the flesh being charred to the bone. A gold watch and chain and 40 cents in money were found on the body.

**Negotiations with Spain.**  
MADRID, March 31.—The minister of the colonies has designated the director of the finance department to represent Spain in the negotiations with Gen. J. W. Foster for a commercial treaty with the United States. Premier Canovas del Castillo will give a banquet in honor of Gen. Foster to-day.

**Embezzler Arrested.**  
PORTLAND, Ore., March 31.—W. P. Moore, who is accused of embezzling \$4,500 from the Southern Express Company, while acting as chief clerk, has been arrested here.

**With the 19th century dawned the era of wonders. It has also proven an era of surprise—for notwithstanding the giant strides toward knowledge, we are told that there are still in some places a few outcasts who have not heard of Salvation Oil.**

**THE GRIP.**  
Alarming Mortality at Chicago—Many Deaths Occur at Pittsburgh.

CHICAGO, March 31.—There were 200 deaths reported at the health office Monday. The grip, pneumonia and kindred diseases were the principal causes. It was one of the largest records for a single day the office has ever received. The grip and complications of grip and pneumonia are apparently becoming more prevalent. From Saturday noon until Monday evening there were ninety deaths reported from these causes. The number of deaths reported Monday was almost one-fourth as large as the entire list of last week, and was just one-fourth of the number of deaths of the week before.

PITTSBURGH, Pa., March 31.—The grip scourge in this city is still holding on with deadly results. Some seventy-two funerals occurred Sunday and an equal number were postponed until Monday, there being a dearth of hearses and carriages. Many well-known old citizens are reported dangerously ill. The grip in many cases runs into pneumonia with consequent sudden deaths.

**Miss Fuller Weds.**  
WASHINGTON, March 31.—The marriage of Miss Grace Weston Fuller, the eldest daughter of the chief justice, to Mr. Archibald Lapham Brown, of Chicago, was witnessed by a representative gathering of the diplomatic and official world of the capital. Rev. Dr. Douglass performed the ceremony.

**Maj. Rathbone's Services Recognized.**  
WASHINGTON, March 31.—Maj. Rathbone, chief of the post office inspectors, has been tendered the position of fourth assistant postmaster general. It is largely in recognition of the capable services Maj. Rathbone has given in breaking up the Louisiana lottery.

**Five Men Swept Away with a Bridge.**  
ST. LOUIS, March 31.—The pontoon bridge which was swept away at St. Charles, Mo., Sunday, contained five men who have not been heard of since. They were John Coleman, Fritz Weeks, Louis Robinson, James Sparks and John Enoch.

**Buried Under a Flood of Molten Iron.**  
TERRE HAUTE, Ind., March 31.—The blast furnace in the southeastern portion of the city is full of molten iron, which burst about 1 o'clock. Two men were instantly killed by being swept under the surge of hot iron.

**Perished by Fire.**  
GREEN BAY, Wis., March 31.—The 12-year-old daughter of John Vandenberg was burned to death Monday night. Her clothing took fire.

**How's That?**  
We offer one hundred dollars reward for any case of catarrh that cannot be cured by taking Hall's Catarrh Cure. F. J. CHERNEY & Co., Props., Toledo, O. We, the undersigned, have known F. J. CHERNEY for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by him.

Having sold a half interest in my business, I desire to have all accounts settled immediately. All accounts not paid by April 10, will be placed in the hands of an attorney for collection.

**A. T. WILKINS.**

**BILLS THAT DECEIVE.**  
And They Are Apt To Succeed in Their Mission.

WASHINGTON, March 31.—The officers of the secret service are at their wits' ends over the recent discoveries of counterfeit silver certificates. Aside from the dangerous character of these particular counterfeit bills, the fact has been brought out that no one knows how much counterfeit money is afloat. There may be \$1,000,000 and there may be \$20,000,000. Bills which are circulating from hand to hand and from bank to bank may be counterfeit. As one of the secret service officers said, the perfection of counterfeiting has been reached and banks can be deceived as readily as individuals. There are some peculiar features connected with the counterfeit two dollar bills which have just been brought to light. They are the issue of 1886, bearing the face of Gen. Hancock. It was only by an accident that one of the bills was detected in Kansas City. Then another was found in the redemption bureau here. Since that time careful scrutiny has brought to light about twenty more of the bills.

But the peculiar feature of the matter is that these counterfeit bills are next to the lowest ones issued. There are but two paper-mills in the United States which make the special kind of paper used in the printing of money. Both of these mills are under close government supervision and it is not possible that the leak should come through them. If the counterfeiters had their own plant for furnishing the paper it must have cost them at least \$250,000 according to the statement of a secret-service officer. This has led to the conclusion that the counterfeiters must be sent here from abroad. The officers say that it would hardly be likely for men to go to the expense of \$250,000 in producing paper and then turn out bills which were next to the smallest ones issued. The question was asked of one of the officers if there were any means of preventing the issue of many millions of counterfeit money by marketing it quickly in various parts of the country. He replied that there was none.

Counterfeiters now have at their disposal every facility which the government has. Their engravers are as skillful as the government engravers. The only defense has been in the use of special paper containing hairlines, but now this defense has gone, for the special paper used by the counterfeiters in the bills just brought to light is as good as that turned out by the two mills in Massachusetts under government control. The counterfeit has the same delicate thread running lengthwise, which is discernible only by the aid of the microscope. Secretary Foster will retire the two dollar bills which have been counterfeited as soon as new plates can be made for another issue. Instead of the head of Hancock the new bills will have that of the late Secretary Windom.

**A. T. WILKINS.**

**STRIKERS IN A FURY.**  
The Coke Troubles Assume a Desperate Phase.

**IDLE WORKMEN GROWING RIOTOUS.**  
They Attack and Destroy Several Ovens and Prevent New Men from Working—Gov. Pattison Refuses to Furnish Arms.

**SERIOUS TROUBLE APPREHENDED.**  
PITTSBURGH, Pa., March 31.—Strikers to the number of nearly 1,000 attacked Frick's coke works, at Morewood, at 2 o'clock a. m. Monday. They destroyed some coke ovens and railway track and broke windows in several houses. Several of the raiders were arrested and taken to Greensburg jail. A dynamite bomb was exploded at the Leisegang No. 3 plant, which tore a hole six feet deep in the ground, but no one was seriously injured. The Leitch works near Uniontown were also raided and the workmen put to flight. The labor leaders are trying to allay the excitement as other raids are feared. The H. C. Frick Coke Company officials here have notified the sheriffs to increase their forces. A dispatch from Scottsdale, Pa., says there is rioting at a large number of coke plants. A mob of 1,500 angry strikers swept down on the Jintown plant early in the morning, routed the workmen, assaulted several men and threatened the superintendent's life.

There is great excitement throughout the coke country, and serious trouble is apprehended. Later the troubles assumed a new phase, and now threaten to develop into a war between the operators and labor organizations. Mr. Frick stated that heretofore he had not antagonized labor, but in the future he did not propose to stand idly by and see his property destroyed. He claims the men are satisfied with the scale of wages he offered, but that the leaders will not permit them to return to work, as their positions depend upon the success of the strike. The fight from this time will be bitter.

Labor leaders are considering the advisability of offering the two big coke companies a thousand citizens and strikers to protect their property. About fifty armed deputies are stationed on the McClure Coke Company's property. It is said they have orders to shoot any striker found on the premises. A riot occurred at Everson Monday night in which a striking foreigner was badly beaten. The fight, however, was caused by the strike.

Sheriff McCormick with a number of armed deputies left Uniontown Monday night on a special train to arrest the leaders in the several raids. Probably the ugliest feature of the several raids was the number of women participating, the most seriously injured man being Tim Boss Cooper, who was struck again and again by an iron bar in the hands of an infuriated woman.

HARRISBURG, Pa., March 31.—There has been much telegraphic correspondence between Gov. Pattison and Sheriff Clawson, of Westmoreland county, regarding the strike of the coke workers and the attack upon the works of Frick & Co. at Moreland Monday morning. The sheriff asked permission to use the arms of two companies of the national guard to protect property. Gov. Pattison responded that the civil power to maintain the peace must be exhausted and power less before the military power could be successfully invoked. To this Sheriff Clawson replied that he did not want the troops, but only their arms. Gov. Pattison, however, in another dispatch declined to issue the desired order. Capt. Lohr, commander of one of the companies, figured in the correspondence.

MOUNT PLEASANT, Pa., March 31.—Mount Pleasant is trembling with excitement. The people fear an explosion. There is more confusion than anywhere else since the bloody riots of 1888. At midnight fully 1,000 men gathered on the hills surrounding the works. Sheriff Clawson has increased his force to 200 men. All are armed with Winchester rifles, and another attack of the strikers means a desperate and bloody battle.

**THE DIRECT TAX.**  
In All Probability Citizens Who Gave to the Fund Will be Repaid.

WASHINGTON, March 31.—It looks now as though the states in which the tax was paid direct to the government need not worry themselves about what they shall do with the direct taxes when they are refunded. Treasury department authorities announce that they have full record of every individual who paid the tax to government officers and the amount paid, and that a plan will be found by which each state can obtain a full list of its citizens who paid the tax and the amount by each one. It is probable this may lead to similar action in cases where states advanced money and collected tax from citizens.

**Wedded in London.**  
LONDON, March 31.—Ivan Caryell, the composer and musical director, and Geraldine Ulmar, the American soprano, were married at St. George's, Hanover square, which was filled with members of the theatrical profession, while a great throng gathered outside.

**City Laid in Ashes.**  
BERLIN, March 31.—The city of Pyraw, in the government of Pomerania, has been entirely destroyed by fire. By this disaster 2,000 people have been rendered homeless and over 100 have perished in the flames. The fire is believed to be the work of incendiaries.

**Appointed by the President.**  
WASHINGTON, March 31.—The president made the following appointment: Thomas H. Carter, of Montana, to be commissioner of the general land office, vice Lewis A. Groff, resigned.

**Failures in Chicago.**  
CHICAGO, March 31.—Henry D. Kelly, proprietor of an iron foundry, has made an assignment. Liabilities \$10,000; assets \$20,000.

TO-DAY'S ANNIVERSARIES.

1541—Henry II proclaimed king of France.  
1601—Philip IV king of Spain.  
1732—Birth of Francis Joseph Haydn, musical  
composer; died 1820.

1767—Expulsion of Jews from Spain.  
1774—Boston port bill annulled.  
1814—Alexander of Russia and Frederick William  
of Prussia signed the Treaty of Tilsit.

1827—Death of Beethoven, musical composer;  
born 1770.  
1831—Poles defeated the Russians at Wawer; after  
two days' hard fighting the Russian posi-  
tions were carried by storm, and they re-  
treated with the loss of 12,000.

1832—Death of John C. Calhoun, American states-  
man; born 1782.  
1835—Death of Charlotte Bronte (Mrs. Nichol),  
novelist; born 1816.

1861—St. Louis' great Baptist tabernacle opened  
in England.  
1862—Indecent battle at White Oak Roads, Va.;  
Unionists defeated the rebels; 1,235  
Unionists killed.

1873—Death of Mrs. James Gordon Bennett in  
Saxony.  
1885—The town of Battledore was pillaged and  
burned by Indians during the Red rebellion  
in the northwest.  
1885—Panama insurgents burned the town of  
Ancon after a battle with government  
troops.

IT RESTS WITH THE COUNCIL.

In the opinion of the Recorder the  
people of Janesville must be regular  
idiots. Otherwise it would not repeat  
the assertion that the street commis-  
sioner is responsible for the muddy condi-  
tion of our streets at this time, or that he  
is responsible for the amount of work  
done in one section of the city and the  
neglect of another section.

It would be far more manly and truth-  
ful to tell the whole truth by saying that  
the street commissioner cannot do any  
work on the street except by order of  
the common council.

The Recorder is certainly aware of  
this fact, and also that the aldermen are  
so jealous of their positions, that no or-  
der is allowed to pass for street work  
without the illegal clause "under the di-  
rection of the aldermen of said ward,"  
attached thereto.

The Recorder knows this; the voters  
know this. Why, then, is it necessary to  
lie about it in hopes of misleading a few  
of the ignorant?

IS BEER THE ONLY CONSIDER-  
ATION?

When such questions as the building  
of bridges, new school houses, the con-  
struction of sewers, and negotiations for  
the purchase of the water works come  
before the common council for consid-  
eration, the people will want careful  
and practical minds to act for them. The  
influence of the saloon ought not to  
be considered when such vital  
questions are before the tax-payers of  
a city like Janesville. And yet, the Re-  
corder insists that all these questions are  
likely to come before the new council for  
decided action, and at the same time is  
advocating the election of some candi-  
dates to seats in the council whose qual-  
ification would seem to lie in their ability  
to change a speck quickly from one  
leg of beer to another. Tax-payers  
will consider these questions before vot-  
ing for aldermen on Tuesday next.

Chicago News—As we understand it,  
Governor Peck, of Wisconsin, Legislator  
McDonald, of Jacksonville, and other  
persons who combined last Saturday  
night to advocate the re-election of  
Greaser, have no vote at all next Tues-  
day. The question is: Is it the Greaser  
"gang" pretty far from it, that it seems  
it necessary to summon aid from cutting  
comics and adjacent states? Never be-  
fore has the democratic party of Chicago  
felt compelled to call upon outsiders to  
hasten to its aid in whipping voters into  
line. The handwriting on the four walls  
of our city hall is very legible just now,  
and the horizon is streaked with signifi-  
cance.

The record that lay on Gov. Peck's  
desk to-day showed that he had signed  
sixty bills and vetoed three, a total of  
sixty-three bills disposed of. The legis-  
lature had been in session seventy-five  
days at a daily expense of \$900, making  
a total of \$67,500 for making fifty laws,  
or \$1,350 per law. Twenty-four of the  
laws are charter amendments, the expense  
of publishing which in the official paper,  
under the new custom of publishing  
charters, will be from \$500 each down-  
ward, entailing additional expense.

In a recent lecture Col. T. W. Hig-  
ginson deems the very wealthy not the  
most fortunate. He says: "I sometimes  
think wealth has a reason ticket  
to so many things that it does not get  
full enjoyment out of anything." The  
best results in eating are obtained by  
stopping a little short of satiety. But  
many of the possessors of wealth, in  
their eagerness to increase it, do not get  
much of the juice of life.

The Recorder and the small process-  
ion following in its wake, are craved at  
the sudden turn taken in municipal af-  
fairs, and, realizing the hopelessness of  
any opposition to Mayor St. John's re-  
election, seek to stir up better personal

animosities in what otherwise would be a  
quiet and orderly election. Sober-minded  
people pay little attention to such  
savings.

Mr. Winans should remember as he  
wars with Dr. Anderson that a demo-  
cratic gerrymander under the present  
circumstances is an outrage. A party  
that would go out of its way to do such a  
thing, when it already has a majority of  
nearly one hundred and fifty in congress,  
is not only unfair, but positively in-  
human.

Few people will think it necessary, as  
is inferred by our morning contempo-  
rary, for a man to engage in the saloon  
business in order to canvass the intel-  
ligent voters of Janesville that he is  
qualified to transact public business.

No, the policy of Janesville aldermen  
on the saloon question should not be the  
sole consideration. Hence voters who  
are anxious for a careful business ad-  
ministration will stand by the republi-  
can candidates.

The Recorder must be very absent-  
minded concerning the street commis-  
sioner's report. It would not have to  
turn back its files many days to find a  
detailed report signed "George Han-  
thorn, street commissioner."

After April 1, when the housekeeper  
floods she can buy from four to six pounds  
of sugar to the dollar more than hereto-  
fore, she will forgive Mayor McKinley  
for increasing the tariff on tin cups.

BITS OF STATE POLITICS.

Fund du Lre democrats are having a  
hard time getting some one who will  
consent to run for mayor.

The La Crosse Chronicle refuses to  
support the democratic nominee for  
mayor of that city. Mr. Usher will not  
believe that there are circumstances  
which justify a bolt.—John Nagle's Man-  
itoc Pilot.

Editor Dunn, of the Merrill News,  
wants to be elected justice of the peace,  
and has something new in the way of  
campaign slogan. Dunn says he will tie  
knots at ten per cent discount "if in ad-  
vance," when he is elected.

Senator Pratt's sore eye is not ex-  
pected to recover, says the Oshkosh North-  
western, until the governor's veto of the  
Veterans' Home bill is disposed of in the  
legislature.

SUGAR BEING SHIPPED.

Eastern Refiners Taking Precautions  
Against a Shortage—A Unique Movement  
in the History of the Trade.

New York, March 31.—It is reported  
that the huge quantities of refined  
sugar now in bond under the McKinley  
bill or bound to various distributing  
points throughout the country are  
unique in the history of the trade.  
To prevent, if possible, a scarcity  
of sugar at any one distributing  
point and to relieve as much as possible  
the refineries and warehouses in their  
vicinity the privilege allowed by the  
government of transporting the sugar  
in bonded cars, and from thence to  
bonded warehouses in the cities to  
which the sugar has been sold and is  
consigned, is being pretty generally  
taken advantage of by the refining com-  
panies of this city. Up to the present  
time fully 75,000 barrels of refined  
sugar have been shipped from Philadel-  
phia, of which amount by far the  
greater portion has been consigned to  
Chicago and St. Louis. The amount  
of sugar refined daily now in Phila-  
delphia refineries, all of which are  
refining under bond, is over 10,000  
barrels, of which number about 7,500  
barrels daily are being loaded in  
bonded cars and shipped. The remain-  
der is stored in the refineries and ware-  
houses in that city for local distribution.  
It is estimated that by April 1 the pro-  
duct of the late Philadelphia refineries  
refined in bond will have reached  
nearly, if not quite, 250,000 barrels, or  
about 67,000,000 pounds of sugar. The  
number of pounds of raw sugar now  
being consumed daily in the manufac-  
ture of refined sugar is about 4,250,000.

CRISIS IN EASTERN EUROPE.

The Murder of the Bulgarian Minister Re-  
garded as a Prelude to Trouble.

BERLIN, March 31.—It is reported  
that a note has been issued by M. De  
Giers, the Russian secretary of state  
for foreign affairs, forerunning the in-  
tention of Russia to intervene in the  
Balkans. The circumstance, says the  
Cologne Gazette, combined with the  
demonstrative massing of Russian  
troops on the Austrian frontier, is  
looked upon as a sign of the approach  
of critical days in eastern Europe. The  
Pesther Lloyd says:

"We stand on the brink of another great  
movement upon the part of Russia, which  
will probably open with a protest against  
the appointment of Prince Ferdinand as governor  
of Roumelia. It is time that the dream should  
consider how long it will continue to allow  
Russia to make military preparations."

St. Petersburg, March 31.—The  
Russian newspaper concur in the opinion  
that the Balfour incident is neces-  
sary for the powers to intervene in  
Bulgaria. The Novoe Vremya declares  
that the time is near at hand when the  
duties involved by the Berlin treaty  
will require fulfillment.

VIENNA, March 31.—Three hundred  
and fifty Bulgarian refugees armed  
with Russian and Serbian rifles were  
waiting in Serbian frontier towns in  
order to march to Sofia in the event  
of the success of the Banderoff plot to  
murder M. Stambouloff.

NO SYMPATHY FOR THE MAFIA.

Many Italians Think the Assassins Were  
Rightly Punished.

LONDON, March 31.—The Times cor-  
respondent at Rome says: The excite-  
ment caused by the lynching at New  
Orleans has completely subsided. The  
government fully appreciates the diffi-  
culties under which the American gov-  
ernment labors, and it is not likely  
that any pressure will be brought  
to bear upon the latter.

It is convinced the American  
government will readily make the com-  
pensation which justice demands. Pub-  
lic opinion goes to show that no sym-  
pathy for the lynched Mafia members  
is manifested. Many Italians say it  
would be well if the other members of  
the Mafia were treated in the same  
way. The correspondent adds: "There  
never has been the slightest pretext for  
an appeal to force in connection with  
the affair."

Have Probably Perished.

DENVER, Colo., March 31.—Thomas  
Clark, a boy 16 years old, who carries  
the mail from Oil City to Rocky, Wy-  
oming, has not been heard from since  
last Sunday week. The route is over a  
terrible road. The snow in that section  
is 8 feet on the level and the boy  
is supposed to have been lost  
his way. His father, W. A. Clark,  
started to hunt for him Friday in  
the midst of a driving snowstorm and  
has not been heard from. Search par-  
ties are looking for them both. Sunday  
a horse driven by the father was found  
dead between Eway and Oil City. Se-  
rious apprehensions are held for both.

## ITALIANS GET REVENGE.

An Indiscreet Scotchman Loses His Life  
In West Virginia for Applauding the  
Work of the New Orleans Lynchers.

PARKERSBURG, W. Va., March 31.—  
The Italians in the center of the  
state, 700 Italians are working  
and it is only once a week  
that news reaches them. At Al-  
ton the report of the New Orleans  
riot was received and while the Italians  
were discussing it among themselves,  
the foreman of the gang, a Scotchman  
named McCauley, said the citizens  
of New Orleans did just right.  
The Italians became enraged  
and killed McCauley. They  
then mutilated his body in a horrible  
manner. The excitement among the  
Italians when they read the particulars  
of the killing of their countryman was  
intense. No arrests have been made.

MICHIGAN.

A Bill Passed by the House Increasing the  
Tax on Car Lamps.

LANSING, Mich., March 31.—The  
house committee of the whole passed  
the Duffie bill, which increases the spe-  
cific tax of sleeping-car, drawing-room-  
car and refrigerator-car lines, and, in  
fact, all car-loading and fast freight  
lines doing business in this state, from  
\$10 to 25 per cent on the gross earnings  
within the state.

One of the most important measures  
of the session was favorably reported  
in the senate and will be pushed  
through this week. Through an ex-  
pensive mistake the stringent insurance  
laws of the state exempted from all  
supervision or control the fraternal  
mutual insurance societies. The bill  
places them on a level with the other  
companies.

TRYING TO KEEP THE ROAD.

People of Leland and South Lyon, Mich.,  
in a Peck of Trouble.

ANN ARBOR, Mich., March 31.—The  
people of Leland and South Lyon have  
been trying to keep their branch of the  
Toledo, Ann Arbor & Northern Michi-  
gan road, owned by James M. Ash-  
ley, of Toledo, from being torn up.  
The people of these two  
towns gave \$1,000 a mile to the  
road, but it never paid, and the  
Ashleys wanted to discontinue it, but  
were fought in the railroad commission.  
Saturday night the company ordered  
all the section men to report for duty  
Sunday, and had these men tear up the  
track and carry it away. They tore up  
all but 2 miles, and a delegation of  
citizens has rushed off to Lansing to  
try to have it replaced.

Held the Engineer Responsible.

MILWAUKEE, Wis., March 31.—Den-  
nis E. Burke, the engineer who was in  
charge of the Chicago & Northwestern  
train that was wrecked at Racine  
 Junction last Friday night was arrested  
Sunday night by the sheriff of Racine  
county and was taken back to Racine.  
The warrant charges him with the  
reckless handling of his engine, alleg-  
ing that the fatal collision was due to  
his criminal negligence. He gave bonds  
in the sum of \$5,000 for his appearance  
April 9 for preliminary examination.

Illinois Legislature.

SPRINGFIELD, Ill., March 31.—In the  
house Monday afternoon about twenty-  
five members were present. A message  
was received from the senate announc-  
ing the passage of several bills  
by that body. In the senate  
A message was received from the  
house announcing the appointment  
of delegates on the part of the house  
to the commercial congress to be held in  
Kansas City. The senate then ad-  
journed.

Milwaukee's Pride.

MILWAUKEE, March 31.—A new and  
handsome temple of learning was ded-  
icated here Monday with appropriate  
ceremonies. It is to be known as the  
National German-American Teachers'  
seminary and the German-English  
academy. The building is the gift of  
the widow of the late Guido Pfister and  
Mrs. Frederick Vogel, his daughter.

Merit Wins.

We desire to say to our citizens, that  
for years we have been selling Dr. King's  
New Discovery for Consumption, Dr.  
King's New Life Pills, Bucklen's Arnica  
Salve and Electric Bitters, and have never  
handled remedies that sell as well, or that  
we give such universal satisfaction.  
We do not hesitate to guarantee them  
every time, and we stand ready to refund  
the purchase price if satisfactory results  
do not follow their use. These remedi-  
cations won their great popularity purely  
on their merits. F. Shaver & Co., drug-  
gists.

MORE SNOW.

Heavy Fall in Minnesota and Dakota—  
It Will Help the Farmers.

ST. PAUL, Minn., March 31.—The  
snowstorm of Sunday and Monday was  
quite general in South Dakota and the  
southern part of this state. Snow, rain  
and sleet fell from twenty to forty-  
eight hours, and the amount of  
moisture has been very great. In  
South Dakota there is more  
moisture in the ground than for six  
years past, and the crop prospects  
are flattering. Eight inches of snow  
fell at Huron, S. D. Around Aberdeen  
not so much snow but considerable  
rain fell. At Redfield nearly a foot of  
snow is reported, while in the southern  
part of South Dakota there is that  
much, and more yet has fallen in  
the southeast. Telegraph poles are  
down and Huron was cut off from the  
outside world until Monday evening.  
Railroad traffic was not interrupted. In  
some parts of the state snow and rain  
are again falling. In this state the  
storm was also general. At St. Cloud  
the heavy wind and rainstorm turned  
into a blinding snowstorm, which still  
continues. During the heavy wind the  
walls of the recently-burned St. Cloud  
fiber wire mill were blown down.  
Tracy, Northfield and other points  
make similar reports of heavy wind  
and snow. The northwest has been  
generally well moistened and the pros-  
pects for seeding are unusually good.

A Safe Investment.

Is one which is guaranteed to bring  
you satisfactory results, or in case of  
failure a return of purchase price. On  
this safe plan you can buy from our ad-  
vanced Brunet's bottle of Dr. King's  
New Discovery for consumption. It is  
guaranteed to bring relief in every case,  
when used for any affection of Throat,  
Lungs or Chest, such as Consumption,  
Inflammation of Lungs, Bronchitis,  
Asthma, Whooping Cough, Croup, etc.,  
etc. It is pleasant and agreeable to taste,  
perfectly safe, and can always be depend-  
ed upon. Trial bottle free at F. Shaver  
& Co's Drugstore.

Dr. B. Mincer.

The eye specialist, will be at the My-  
ers House one day only, Friday  
March 27. Defective vision from con-  
genital or acquired causes, successfully  
remedied when in the skill of the optician  
to remedy. Dr. Mincer has devoted his  
life to this work, and invites those  
who have had trouble in  
in having the eyes fitted, or all in need  
of glasses, to investigate his method of  
selecting glasses to the human eye. Call  
and see him. Consultation and exami-  
nation free.

Respectfully,  
Dr. B. Mincer.

## KOECH'S LYMPH A POISON

A Janesville Doctor's Experience as to Its Effects.

## HE WILL NOT USE IT HERE

So Far Not One Case Discharged from the Chicago Hospital Has Been Cured—The Disease Has Simply Been Checked for a Moment.

"Koech's lymph is of no practical value whatever. It never cured a patient and never will. More than that it is the strongest poison ever discovered in the world—I repeat it—the strongest and most violent poison ever discovered."

This was the declaration made by Dr. W. O. Coffey to a Gazette representative this morning. The doctor has been in Chicago during the last four weeks, watching the effects of this lymph with a view to using it in his own practice, but came back unsatisfied.

"While I was in Chicago I studied in the Post Graduate Medical School, the Cook county, St. Elizabeth and St. Luke's hospitals and I saw between seventy-five and one hundred cases treated. Some of them had been treated for a week, others for two, three or even four weeks, and not one cured resulted."

"After an injection of the lymph the effect is magical. There is high fever, sometimes as high as 103. But with the action of the lymph nearly every one is febrile. The effect is less and less at each injection. Where the patient has received several treatments no noticeable effect can be seen. When the lymph has no further effect the patient is discharged as cured. Temporary benefit is received, but in a month the patient is as bad as ever."

"The lymph used at the hospital that I visited was direct from Dr. Koech. I served when the patient was suffering from consumption to cause the dead membrane to slough off. This would cause consumption if the dead tissue could be passed off. Perhaps a portion of it will be passed off, but the balance of the tissue is absorbed into the system and causes tuberculosis to form wherever it lodges. Several patients have died on patients who had died after taking treatment, have demonstrated this fact, and other tubercles have been formed at the base of the brain."

"More patients are killed by the lymph than are cured by it. Remember I say cured. Many are relieved. But Koech does not claim that the lymph will kill the bacteria in the blood; until a medicine is invented that will kill the bacteria, consumption will not be cured."

"In taps cases the lymph is more successful. In these cases the lymph benefits and heals the tissue, but in less than a month fully one-half of them are as bad as ever."

## DR. HODGE IN THE SOUTH.

He Describes Graphically the Beauties of the Florida Springs.

DE FUNK'S SPRINGS, Fla., March 27.—A few words more about our Florida stopping place. De Funk's Springs is the county seat of Walton county, having the usual county buildings. There is here a state normal school with from ninety to one hundred students. There is also here a branch of the state experimental farm, and the result of the experiment is the turning out of various kinds of garden products in March which would be accounted a great success in midwinter or early fall in Wisconsin. I find the grounds about the springs, as I take my daily walks, becoming more and more beautiful with shrubbery and flowers. The people here are largely from the north, some of whom only spend a few months waiting returning mildness in their northern homes, yet the number is quite considerable of those who have come to remain, and I find that these speak of the summer as not only endurable but even quite enjoyable. The breeze from the Gulf relieve the heat by day and bring a delightful coolness by night.

One of the interesting places to visit here is the Alpine Park owned and beautified by Wallace Bruce, Esq., a man known at the Monarchs assembly by his admirable lectures. Mr. Bruce is now in Scotland where he officially represents the United States government. He has a cottage and winter home here and has fitted up a park about a fine spring of pure, soft water and has named it the Alpine spring and park in honor of his mother, whose maiden name was McAlpine. Over the gate of entrance is this inscription:

"The forests are not all folded,  
Nor the flowers all swept from the sod;  
And the waters are not all spilled,  
That declare the glory of God.  
I will only add of De Funk's a fact of which I wish could be written of our beautiful city on the Rock, that there is not a person found in it. The people voted that liquor should not be sold here, and they are not, and the town reaps the good harvest of true legislation. Yours truly, M. G. HOBBS."

## MORGAN AIKEN SURPRISED.

Friends Descend Upon His Home in the Town of Harmony.

The crystal wedding of Mr. and Mrs. Morgan Aiken of the town of Harmony, was royally celebrated last evening. Fifty neighbors and friends carried their home by storm and took the host completely by surprise. Mrs. Sarah W. Deane of Eden, Dakota, wrote an appropriate poem for the occasion as follows:

AN ADDRESS FOR THE WEDDING.  
May crystal bells with sweetest sound,  
O'er all the earth with joy profound,  
Remain, till some great joy shall bind  
Gather up the sound with mind to bind;  
And in some future home release  
Notes that the bells gave out at first.  
Along the path may some bright ray,  
Kindly lead thee all the way.  
In this glad hour of crystal feast,  
None on earth may I more blest.

## CUPID'S CHARMS.

Garbutt-Cox.

William Garbutt and Miss Louise Cox were married by Rev. James Sheldel, pastor of Trinity church, yesterday afternoon, at the home of the bride on West Bluff street. The wedding was a quiet affair, and only immediate friends and relatives were present. Both young people are well known in Janesville. The bride is a daughter of Mrs. John Cox, and has been employed as bookkeeper in Dr. Palmer's office. The groom is a member of the firm of Gar-

## BEEF STEAK HAS RIZ.

So Say the Janesville Butchers When Questioned.

## WILL ADVANCE PRICES.

The Price Paid by Market Men Has Advanced Sixty Per Cent During the Season, and Retail Sales Must Be Made To Correspond.

The indications point strongly to a rise in the price of cut meats in the Janesville markets, and the advance is liable to take place almost any day.

"There is a great scarcity of good beef cattle in this vicinity, and we have to go a good many miles to hunt them up," said one of our dealers today. "Beef cattle have advanced within the past few days, and now we have to pay five dollars a hundred. At the commencement of the present season we got the same kind of beef cattle for three dollars. I think all meat dealers will advance the price of lean steaks from 12 1/2 to 15 or 16 cents, and round shoulder steaks from 10 to 12 1/2 cents."

"The only way out of the present difficulty that I can see to avoid an advance is to get our meats from Chicago, and then we may not avoid an advance altogether, as beef cattle are now high in that market."

"There is no necessity for an advance on other meats. There is plenty of mutton; in fact there is very little mutton sold at this time of year. Spring lambs will soon be in the market. Good lambs will be in the market in four to six weeks."

"Pork and veal remain about the same the year round, and we have no difficulty in supplying customers with the best in the country."

## CARRIER AFTER GEESSE.

The Shoe Factory Man Led Astray by Deceits.

The boys have a joke on M. W. Carrier, the popular foreman of the Richardson & Norcross shoe factory. Carrier was on his way home, passing along North Bluff street, when he heard the honking of wild geese. He stopped, looked up, then turned partly around and looked up again. The honking of the geese continued, and he was sure they were very near—must be flying very low. He turned partly around and looked up again, and kept on turning and looking up, and finally went out into the street and craned his neck skyward hoping to catch a glimpse at the fliers.

"What are you looking at?" asked a neighbor.

"I am looking to see where the wild geese are."

"Oh, just go down back of Alva Russell's barn. You will find a flock of them in a coop. Russell has a number down there that he uses occasionally for decoys."

Mr. Carrier ceased looking up, made haste up the street, not realizing that a number of car instances including a newspaper reporter were watching his movements.

## SORRY HE HIT THE MARSHAL.

John Griffin Jailed with a Lump on His Head.

A long strip of coat plaster was hidden under John Griffin's hair as he sat in the municipal court this morning. Several good sized aches were also concealed under the hair.

John looked red and felt blue. The last time Griffin was arrested it took three men to handle him. Yesterday Marshal Asheson gathered him in single handed. Griffin had been making trouble for several days, and when the marshal tried to arrest him he resisted and fought as hard as he knew how. He struck the officer once and then his sentence was over for the time being. One blow from the marshal's case out the top of Griffin's hat, knocking it about twenty feet and made a scarp wound on his head. Then he walked a block peacefully before he wanted another round. He was loaded into a wagon and taken to the jail on his back. In court today Griffin was sent to board with Sheriff Hogan for three months. One of the sheriff's new eighty-cent dress suits will ornament his person.

## DONNELLY'S LUCK TURNED.

The Fate of the "Natural Gas" Combination Tackled the "Tiger."

Henry V. Donnelly, of the Donnelly & Girard "Natural Gas" company that played at the Myers last week, had a thrilling experience with the Milwaukee "tiger" on Saturday night and Sunday morning.

The Milwaukee engagement closed Saturday night and he got his percentage on the week amounting to about \$450. Two hours later the last cent had been dropped into the silver box at a fare box. He got another \$500 from his manager. That also went. Five hundred dollars later to him by the clerk. Thinking his luck might turn to gain at down and lost all but about \$100, making about \$1,450 in all. Then he began winning. 10 o'clock Sunday morning the bank stopped and Donnelly cashed in his check. He had won \$1,650, putting him \$400 ahead after all.

## EVEN HOGAN NO TERROR.

A Beloit Justice has an Interview With Two Tramps.

Two tramps were before Justice Booth, of Beloit, yesterday. According to the Free Press after they had pleaded guilty to the charge against them, the judge said: "Guilty I have to send you men to jail for fifteen days." "All right, Judge," replied one, "unless you furnish me with a horse to travel with in looking up a job, you had better send me up. But by the way, Judge, can't you make it a month? I hope by that time the weather will be more agreeable, and when I bid adieu to the sun, shine and drink in the perfumes of nature's rose jars. Yes, Judge, thirty days will suit me to a dot, and—"

"Changed my mind," said the judge, "Three hours to get out of town" and he got. The other tramp fled likewise.

## Cheap Sugar.

I will sell fine granulated sugar by the barrel next week for \$1.90 per one hundred pounds. A. C. MURPHY, 28 S. Main street.

## SEWER PLAN ADOPTED

Specification Costing \$1050 Ordered by the Common Council.

## ALL MOURN HIS DEATH

Funeral of Thomas Lappin Held This Afternoon.

The stores in the Lappin block were closed this afternoon and the people generally paused for a moment to give expression of regret as all that was mortal of Thomas Lappin was borne to the grave. The services were held at 2:30 o'clock at the family home, 262 Park place. The floral tributes were especially beautiful. On the casket rested a bunch of beautiful Easter lilies with the stems completely hidden in a wreath of smilax. At the foot of the casket was a sheet of golden wheat. At the head was a floral pillow composed of Easter lilies, carnations and roses. To the center was a raised panel with the words "At Rest" in purple hyacinths. Bunches of roses and baskets of other flowers telling of esteem and tender remembrance were placed about the casket and filled the house with their fragrance.

A large number of people were in attendance at the funeral service, and many of the pioneers of the city and county were noted in the gathering. Services were conducted by Rev. A. H. Barrington, pastor of Christ church, and appropriate music was rendered by a quartette consisting of Mrs. J. W. St. John, Mrs. O. E. Mosley, George K. O'Connell, and F. L. Stoffer.

The services being concluded the remains were taken to Oak Hill cemetery for burial, the honorary pall bearers being Messrs. E. L. Dimock, E. B. Bennett, W. G. Wheelock, J. M. Bostwick, R. M. Bostwick, M. S. Probst, and the bearers Victor P. Richardson, George M. McKee, E. D. McGown, R. W. King.

JANESVILLE'S NEIGHBORS.

The Catholic citizen has changed hands.

Three hundred Appleton people are suffering with a gripe.

There will be 500,000 bushels of wheat in store at Superior when navigation opens.

Engineer Burke was held in \$2,500 bail on the charge of causing the death of Willis Andrews.

The Whitewater Driving Association claims dates for the summer meeting on Friday and Saturday, July 3 and 4.

Joseph Fraunfelder, a Monroe school junior, who is said to have been a man of scholarly attainments, writing and speaking several languages, is dead.

Charles Allinger, of Fond du Lac, found guilty of accepting \$300 to much on a check having \$100 in the corner and the words "ten dollars" below.

Anton Halverson, of Dane county, was lately bereft of his wife. Last Saturday his little girl, a child of eleven years, was adjudged insane and taken to the Mendota asylum. On Sunday while driving to Darlington, Mr. Halverson lost his only horse by drowning while crossing a creek.

Distances to Washington.

From St. Louis to Washington the distance is 594 miles; from Cincinnati to Washington 553 miles; from Chicago to Washington 813 miles. This is via the bee line followed by the B. & O. Railroad, the most picturesque as well as the most direct route from the Mississippi River to the Atlantic seaboard stretching across level and fertile prairie, sand hills and valleys, over mountain crests, along banks of historic rivers, through taxing cities and bustling towns. The through B. & O. trains, with full Pullman equipment of Sleeping, Parlor and Buffet cars, run from St. Louis to Washington in 25 hours; from Cincinnati to Washington in 18 hours; from Chicago to Washington in 25 hours. Sleepers from all points can through to New York from the west without change. At Washington connection is made with the B. & O. and the Pullman Blue Line for Baltimore, Philadelphia and New York. These Royal Blue trains consist of the Sunnyside and finest coaches, Parlor and Sleeping cars ever built by the Pullman Company; are vestibuled from end to end, and are protected by Pullman's improved anti-thefting device, which makes every car as safe as it can be made by man's ingenuity and skill. All the cars are heated by steam and lighted by kerosene. They are the fastest trains in the world and make New York and Washington within five hours' run.

## Symptoms of Catarrh.

Dull, heavy headache, obstruction of nasal passages, discharges falling from the head into the throat, some profuse, watery and acid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery and inflamed; there is ringing in the ears, deafness, hoarseness or coughing to clear the throat, expectoration of offensive matter, together with sores from ulcers; the voice has changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. If you have all, or any considerable number of these symptoms, you are suffering from nasal Catarrh. The more complicated your disease has become the greater the number and diversity of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption and end in the grave. No disease is so common, more deceptive and dangerous or less understood, or more successfully treated by physicians. Every hundred dollars reward is offered by the manufacturers of Dr. Squire's Catarrh Remedy, for a case of catarrh which they cannot cure. Remedy sold by druggists at only 50 cents.

## STORES CLOSED IN TRIBUTE

The Family Residence Crowded by Those Bent on Paying Tribute to the Pioneer Merchant—Comrades of Early Days Serve as Pall Bearers.

## A DEAL IN OIL LIKELY.

The Standard Company's Tanks Being Gathered at Harvard.

Local officials of the Chicago & Northwestern road have received orders to hold all empty oil cars belonging to the Standard Oil Company, and to send them to Harvard for storage. The order only applied to tanks marked "Refined oil," and five tanks were sent from Janesville to Harvard this morning.

What the order signifies is a mystery to local trainmen, but it is hinted that the Standard Oil Company have some big schemes on foot.

THE GRIP AT BRADFORD.

Many Are Sick, but Reported To Be Recovering.

BRADFORD, March 31.—La grippe is quite prevalent in this neighborhood, but the patients are slowly recovering.

A handkerchief social will be held at Mr. Levi Imman's on Wednesday evening, April 8, for the benefit of the Bradford Y. M. C. A. Ladies will each furnish two handkerchiefs; also, cake.

Literary Society Saturday evening, April 4.

Mrs. Nellie Duthie entertained her young lady friends last Thursday afternoon very pleasantly.

## Scaled Proposals.

Notice is hereby given that bids will be received by the board of education of the city of Janesville, for the construction of a four-room school building on lots 97, 98, 99 and 100 in Mitchell's third addition, and of a four-room school building upon the present site of the school building in the fifth ward of said city. Such bids to be filed with the clerk of said board of education on or before April 15, 1891, at twelve o'clock noon.

The plans and specifications for the construction of said buildings are now on file in the office of the city clerk, of said city, and also in the office of R. W. & Kirsch, in the city of Milwaukee. The board of education reserves the right to reject any or all bids; and hereby give notice that the acceptance of any bid is dependent upon the action of the electors of said city in authorizing the common council of said city to levy a tax for said buildings.

Each bid must be accompanied by the bond of the person or persons filing such bid, in the amount of \$4,000, with sufficient surety to be approved by said board of education for the faithful performance of the contract for erecting said buildings if entered into by the person or persons making such bid.

## LOCAL MATTERS.

ACHIEVE RID.

You can save lots of trouble by buying the best. Be sure you get the Douglas shoes. Don't take anybody's word; insist on the genuine. You will find a complete stock of it celebrated line at Brown Bros.

IF YOU HAVE SOMETHING THE PEOPLE NEED TELL THEM ABOUT IT THROUGH THE GAZETTE. YOU CAN FIND A MORE SUCCESSFUL ADVERTISER.

## MOST OF THE LEAF BOUGHT.

Local Warehouse Growing More Quiet as the Season Advances.

## WAUPACA BILL KILLED

The Senate Refuses To Override Peck's Veto.

Activity in the local tobacco market began to wane, and the present week will witness the closing up of several of the smaller warehouse storing rooms, the crops delivered having passed over the tables and placed in cases. Some of the larger houses will continue the sorting for some time to come. Now and then a crop is brought into the city and sold for good prices, there being but very little change in the market price since last January.

Sales of seed leaf tobacco reported by J. B. Gans' Son, tobacco broker, No. 131 Water Street, New York, for the week ending March 30, 1891:

200 cases, crop of 1890, Pennsylvania Seed, at 12 to 15 cents.

220 cases, crop of 1890, Pennsylvania Havana, at 13 1/2 to 25 cents.

100 cases, crop of 1889, Pennsylvania Seed, p. t., at 14 to 28 cents.

220 cases, crop of 1889, Wisconsin Havana, at 14 to 28 cents.

75 cases, crop of 1889, New England Havana, at 14 to 50 cents.

150 cases Sundries, at 7 to 35 cents.

Total, 1215 cases.
